It is the responsibility of the Customer to guard and protect against any unauthorized use of any Company issued codes to which billing may be charged.

PIONEER LONG DISTANCE, INC.

5. Payment Arrangements

(A) Payment for Service

The Customer is responsible for the payment of all charges for services furnished to the Customer.

(B) Taxes and Other Surcharges

Customer shall pay all sales, use, gross receipts, excise, access, or other Local, State and Federal taxes, charges or surcharges, however designated, imposed on or based upon the provision, sale or use of the Services (excluding taxes on Company's net income). Such taxes shall be separately stated on the applicable invoice.

(C) Billing and Payment of Charges

The Customer is responsible for payment of all charges incurred by the Customer or users for services furnished to the Customer by Company.

Recurring charges shall be billed in advance after the Service Date is determined and will be due no later than thirty (30) days after the date of the invoice. Usage charges and other charges shall be billed as incurred, and will be due no later than thirty (30) days after the date of the invoice. State and Federal Government agencies may be billed in arrears.

In the event that Company's computerized usage recording system fails or is otherwise unavailable for all or part of any billing period, Company shall be entitled to make a reasonable estimate of Customer's usage of Services in the period in question for billing purposes.

(D) Billing Disputes

In the event of a dispute between a Customer and Company regarding charges billed by Company, Company will investigate the particular case and report the results thereof to the Customer. During the period that the disputed amount is under investigation, Company will not pursue any collection procedures or assess late fees with regard to the disputed amount. The Customer shall be required to pay the undisputed part of the bill, and if not paid, Company may discontinue service.

PIONEER LONG DISTANCE, INC.

5. Payment Arrangements, Continued

(E) Deposits

To safeguard its interests, before a service is furnished, Company may require a Customer to make a deposit to be held as a guarantee for the payment of charges. A deposit does not relieve the Customer of the responsibility for the prompt payment of bills on presentation.

A present Customer may be required to post a deposit as a condition of continued service if undisputed charges have become delinquent, with delinquent meaning a payment not received on or before the due date as posted on the bill, in two (2) out of the last twelve (12) billing periods or if the customer has had service disconnected during the last twelve (12) months, or has presented a check subsequently dishonored.

When a service is discontinued, the amount of a deposit, if any, will be applied to the Customer's account and any credit balance remaining will be refunded. Before the service is discontinued, the Company may, at its option, return the deposit or credit it to the Customer's account.

(F) Discontinuance of Service

Company shall incur no liability for such discontinuance, suspension or refusal to accept orders.

PIONEER LONG DISTANCE, INC.

6. Application of Rates

(A) Long Distance Message Telecommunications Service (LDMTS)

Long Distance Message Telecommunications Service (LDMTS) is offered on a Direct Distance Dialed basis or an Operator Assisted Basis. The rates are specified in Sections 7 and 9 following and in the Optional Calling Plans, Section 15.

The measured usage rates for Interstate LDMTS will depend on the time periods in which the call occurs. The rates are charged in increments of an initial rate period and additional minute rate period. The initial rate period is for connections of one minute or any fraction thereof. Each additional minute is billed on a per minute of use or any fraction thereof that the connection continues beyond the initial rate period. If a call is initiated in one rate period, and continues into another rate period, the per minute charges will change accordingly for any full minutes occurring in the next rate period. The rate schedules in Sections 7(A) and 7(B) following are time-of-day sensitive, and distance sensitive. The rates are divided among day, evening, and night rate periods. Volume discounts may apply depending on usage.

The unit of measure used for timing of messages is whole minutes unless caller subscribes to an Optional Calling Plan. Timing of messages for Optional Calling Plans is described in Section 15.

Fractional rates will be rounded to the nearest penny using the conventional rounding method.

(B) Promotional Rates

Pioneer Long Distance, Inc., may offer discounted promotional rates for one or more of its services to increase subscriber awareness and/or customer subscribership of these services. Promotions are limited to (1) reductions in the monthly recurring charges and/or non-recurring charges for these services or, (2) waiver of monthly recurring charges and/or non-recurring charges for these services.

The discounted usage rates would be no lower than the LDMTS Night Rate that would be in effect at that time. Promotional rates will be effective for one or more days not to exceed one billing period in a calendar year.

PIONEER LONG DISTANCE, INC.

6. Application of Rates, Continued

(C) Long Term Service Contract

Customers entering into a 12 month, a 24 month, or longer service contract will have rate and charge options available to them for some or all of the services to which they subscribe. The rates and charges will be determined on an individual customer contract basis.

(D) Rates Applicable for Hearing and Speech Impaired Persons

When a dual-party relay mechanized system is in place, reduced usage rates are available to qualified persons who have hearing or speech impairments and who utilize a telecommunications device for long distance calling.

To qualify for reduced rates, persons must have been certified in writing by a licensed physician, audiologist, speech pathologist, or appropriate State or Federal Agency as having a hearing or speech impairment which precludes oral communications. Rate reductions will apply to all customer dialed calls which do not require Operator assistance.

For qualifying Residence subscribers, the Evening per minute usage rates will be effective during the Day time period. Night/Weekend per minute usage rates will be effective during the Evening time period and at all other times.

Depending on the billing arrangement Pioneer Long Distance has with the local exchange company, Pioneer Long Distance will approve those Customers who have been certified by the local exchange company and qualify for exemptions from local Directory Assistance charges under local exchange company tariff(s) or Pioneer Long Distance will issue an Pioneer Long Distance application for exemption and approve it if the Customer is qualified under Pioneer Long Distance's tariff.

(E) Basic Plan Charge (BPC)

For customers who select Pioneer Long Distance, the company will assess the Customer a monthly recurring charge, called the Basic Plan Charge. This charge will be assessed on a per month, per line basis. For PRI the BPC will apply to each B Channel, per month. BPC will not be prorated for a partial month of service and is not subject to discounts nor contribute to any monthly minimums or revenue commitment which may apply to Company services subscribed to by the Customer. Credits for interruption of service do not apply to BPC.

Basic Plan Charge (BPC) - \$5.00 per month, per line
